The pair were seen together on Nov. 5 (below), but didn't look happy. "Selena was shocked but is doing her best to keep her head up," says the insider.

**MARIAH'S STORY CHANGED**  
Last December, Mariah was arrested for slapping her ex-boyfriend after she told him he was the father of her then-unborn baby. The ex, John Terranova, denies that he's Tristyn's daddy.

SELENA GOMEZ WAS THE LAST PERSON TO FIND OUT THAT JUSTIN BIEBER MAY BE A FATHER

# SHOCKING REACTION

**S**ince she began dating **Justin Bieber** at the end of 2010, **Selena Gomez** has endured jealous fans and death threats — but nothing prepared her for accusations that her boyfriend fathered a love child.

"Selena first found out about it on Twitter," reveals an insider. "She thought it was a joke but then she Googled it and saw all the news stories. She was upset, of course."

Worried about the impact the scandal would have on her career, Selena tried to end the relationship, an insider tells *OK!*, but was convinced to stand by her man — for now.

### SELENA WANTED TO LEAVE

Justin, 17, didn't immediately tell his girlfriend of 11 months that he was being sued for paternity because, "He was hoping it would go away," says the insider, "but of course it didn't."

The teen idol's camp has strongly denied 20-year-old **Mariah Yeater's** claims she had a sexual encounter with Justin in a backstage bathroom of the Staples Center in October, just prior to Justin and Selena going public.

Justin denies her story as well. "So it's crazy that some people want to make up some false allegations, but to set the record straight, none of it is true," he said on Nov. 3 on *Today*. "Never met the woman." He's reportedly agreed to take

a paternity test when he returns from his overseas engagements in two weeks and vows to sue Mariah.

Still, it hasn't been easy for Selena. "It's embarrassing for her; she knows everyone is talking behind her back and wondering if it's true," says the insider.

The fact that Mariah claims her encounter with Justin happened at the Staples Center must bother Selena, 19, too. It has been a very special place in the young couple's history ever since Justin surprised Selena with a romantic dinner and movie there last September.

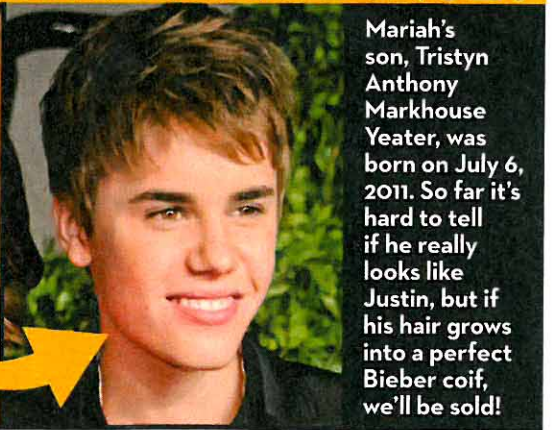

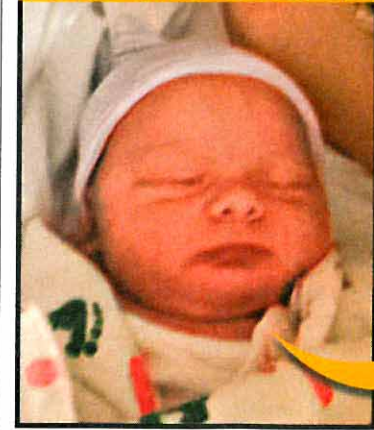

"Justin is Selena's first love. She thinks he could be 'the one,'" says the insider. "If Mariah's claims are true it will shatter her trust. It would be crushing to find out she'd been cheated on."

### MARIAH COULD BE IN TROUBLE, TOO

**I**n California, the age of consent for sex is 18, but Mariah attests that her sexual liaison with the singer occurred on Oct. 25, 2010, when Justin was 16 and she was 19. "Because she was older than 18 and he was younger than 18, assuming she did sleep with him, she has opened herself to charges of statutory rape," says attorney Joshua Forman, of Chemtob Moss Forman & Talbert, adding that if convicted, Mariah could serve jail time and risk losing custody of her baby.

### DO YOU SEE A RESEMBLANCE?

Mariah's son, **Tristyn Anthony Markhouse Yeater**, was born on July 6, 2011. So far it's hard to tell if he really looks like Justin, but if his hair grows into a perfect Bieber coif, we'll be sold!
